

In four pictures by Vivian Ronay, we see (1) Sir Derek Jacobi receiving the 1997 *Gielgud* trophy from Dame Diana Rigg, (2) Sir Derek holding *The Golden Quill* as he talks about his admiration for Sir John and then thrills the audience by delivering a speech by the title character of *Richard II*, whom he portrayed in a 1979 BBC television production that featured Gielgud as John of Gaunt, (3) Sir Derek addressing an NPR audience during a luncheon at the National Press Club, and (4) WGBH producer Rebecca Eaton (best known for *MASTERPIECE* series such as *I, Claudius*, *Cadfael*, and *Downton Abbey*). Finally (5), in an official White House photo, First Lady Hillary Clinton welcomes John Andrews to a reception commemorating the Folger's 65th anniversary.
